

Leader in design and engineering, specialist in polymer conversion, RPC Promens Industrial offers you:

The Politainer from 1 l–30 l is a combination package of a flexible inner and a strong outer case, the sizes 3 l–30 l being available with UN approval and determined for the transport of hazardous goods but also applicable for the requirements of diagnostic markets as well as for filling goods which need a protection against permeation by means of a special EVOH/PA barrier. Different accessories like taps, screw caps with or without tamper evidence as well as several connecting systems are available. Handles can be offered for the sizes of 5 l, 10 l, 15 l as well as 20 l. Depending on the size of bag, different neck types are also available.

Features:

- complete draining
- emptying without air ingress
- less transport costs
- space for individualised design
- no gurgling
- less space requirement
- 50–75 % less material than rigid containers
- environment-friendly combi packaging

Please contact us now for samples. Full technical support is available, we are glad to assist you according to your requirements.

Physical & technical data

Reference	Weight without box incl. closure parts*	Handles	Dimensions incl. box (l x w x h) in mm	Neck sizes ²	UN approval 4G	Empty Politainer / pallet	Empty Politainer / truck ⁴
